It is not known at what point old Chris will start from but he will come to Paris from the direction of Cincinnati. While here Old Santa Claus will alight from his automobile and will walk along Main street distributing souvenirs and receiving letters from the children when he will resume his journey to Lexington, to superintend the opening and display of immense supplies of novelties and toys at Dewhurst's which is his permanent headquarters. LIVE STOCK AND CROP NOTES

—Commissioner Hubert Vreeland in his last report says: "The wheat crop was put in, generally in good condition. The corn land sown to wheat was grassy with some weeds, but with good weather for working the land a good seed bed was secured."

"Considering the late and unfavorable weather during the spring and early summer the corn crop has done remarkably well; the estimate being 94 per cent. of last year's crop. The estimated acreage seeded to wheat is 91 per cent. of last year, but the excellent condition in which the land was prepared before seeding ought to make up for the loss in acreage."

"The estimates on the tobacco crop both burley and dark, are very gratifying as the acreage was short of last year 10 per cent. in dark. Grass shows up well. The usual acreage was sown to meadows and condition of meadows is good."

"There is a falling off in numbers of cattle, hogs, sheep, but the condition is good."

"There were about 500 cattle on the market at Winchester Court Monday, with buyers scarce and few sales. Three and a half cents was the top of the market and more three cents than any other. Jas. Munday sold at auction his dairy herd of 14 cows; they ranged in price from \$23 to \$66, an average of \$37."
